Thank you for choosing the Northwest Ohio Center for Urogynecology and Women's Health as your health care provider. We are committed to your treatment being successful. Listed below are pertinent points taken from our Office Policies Packet. **Please read the ENTIRE Office Policy Packet for complete clarification.** This form is a highlighted version that requires signature. A copy will be returned to you.

HIPPA PRIVACY STANDARDS: The United States Department of Health and Human Services has adopted privacy standards -- the "HIPAA Privacy Standards"-- which protect your health information. The HIPAA Privacy Standards establish rules for when healthcare providers and billing agents, such as NCDS Medical Billing, may use or disclose your health information. Importantly, the HIPAA Privacy Standards also tell us what we cannot do with your health information. Activities that are not permitted under HIPAA will require your written authorization. This requires updating and signature yearly. Please refer to the complete packet for clarification.

BILLING & INSURANCE:

- No Insurance: ***If you do not have insurance, payment in full is expected at the time of service.***
- Co-Pays: ***All insurance co-pays are due at the time of service as required by your insurance company.*** If you carry a secondary insurance, a co-pay is still required based on insurance guidelines. ***If you do not have your copay but still wish to be seen, a \$30 fee will be applied to your account.***
- Pre-surgical Payments: A deposit may be required to schedule elective surgery and is determined by your insurance deductible owed or by cash fee for service. Any deposit is due 2 weeks prior to the scheduled surgery date.
- Plan Participation: ***It is the patient's responsibility to know and understand their insurance plan.***
- Secondary Insurers: A patient is responsible for any balances after your primary insurance has cleared. Secondary insurance may be billed as a courtesy, with no guarantee of payment.
- Referrals: If you belong to an insurance plan that requires a referral for specialist care, it is your responsibility to obtain the referral from your Primary Care Physician (PCP) prior to your visit with us.
- Patient Statements: If there is a balance on account, you will receive a monthly statement showing amount due. An unpaid balance is considered past due after 45 days. If two consecutive statements have been sent to you but no payment has been received on your account to reduce your responsibility, you may receive a collection letter and be considered for further collection activity.

PENDING OR THREATENING LITIGATION: Dr. Croak takes care of many patients who have had suboptimal surgical outcomes elsewhere. Some situations may not be able to be helped to a patient's degree of satisfaction despite Dr. Croak's best efforts. Because of this fact, Dr. Croak makes it clear that if you are threatening or involved in pursuing litigation for a prior suboptimal outcome, it is your responsibility to inform him of your plan at the time of your first consultation. Dr. Croak reserves the right to decline care at any time pending investigation into your specific situation. The failure to disclose litigation will result in immediate termination from the practice.

MISSED/CANCELLED APPOINTMENTS: If you do not show for an appointment or do not cancel a scheduled appointment 48 hours in advance, a \$50 fee may be charged to your account. Repeated missed or cancelled appointments may result in termination of services with this office. If you run late for your appointment (10 minutes or more), staff reserve the right to reschedule the appointment.

THESE POLICES REMAIN IN FORCE INDEFINITELY AND/OR IF ANY REVISIONS ARE MADE TO SAME.

I have received, read and understand the Office Policies of the NWO Center for Urogynecology & Women's Health & NWO Center for Pelvic Rehabilitation & Wellness.
